

Earthenware Pet Treat Jars

Running out of treats can be a jarring experience for your dog or cat. Make sure you're always well stocked with these cute, edgy ceramic pet treat jars designed by artist Sheree Burlington. The newsprint-style embellishment articulates your pet's signature sound (me.ow or bow.wow), which is also reflected in the shape of each jar's lid: a fish for cats and a bone for dogs. Your pets may not recognize the great design behind these jars, but the freshness of their favorite treats will be unmistakable. Made in the USA. Sold separately.
